

## 2022 Lizard Island Doctoral Fellowships

### Preliminary application questions

Questions in the preliminary application form are provided here to allow you to prepare for submission, which must use the online form at <https://forms.office.com/r/P79FhZAKDq>.

Applications will not be accepted in any other format.

**Closing date is 3 September 2021**

#### Personal details

1. Name
2. Email
3. Phone
4. Undergraduate Grade Point Average or similar metric
5. Honours or Masters degree level/GPA
6. Any other tertiary degrees? Answer Yes or No.
7. Are you currently in Australia? Answer Yes or No.
8. Do you have the right to remain in Australia for the duration of the fellowship? Answer Yes or No.
9. Provide full references to any peer-reviewed publications of which you are an author. List only papers that have been published or accepted for publication in peer-reviewed journals. If you don't yet have any peer-reviewed publications, enter 'none'. Do NOT list papers 'in preparation' or 'in review'. If you have a paper that has been accepted, list it as 'in press' and show the name of the journal.
10. Curriculum vitae. Email your CV to [lizard@australian.museum](mailto:lizard@australian.museum) - 4 pages maximum with 12 pt font and 3 cm margins. Subject line must be '<your last name> CV'. Enter YES below to confirm you are sending your CV on the same day that you submit this form.

#### PhD program details

11. University
12. University school or department
13. Month and year of enrolment in PhD program
14. Expected month and year of completion of PhD

15. Supervisor(s)
16. Primary supervisor's email
17. Do you currently hold a scholarship that pays you a stipend? Answer Yes or No.
18. If you have a scholarship that pays a stipend, provide: name of scholarship, start and end dates, and value of scholarship per year.
19. If you don't have a scholarship that pays a stipend, explain how you will support yourself for the duration of the fellowship (100 words maximum).

#### Project details

20. Your PhD project title
  21. Project outline. In 500 words or less (excluding the reference list) - (1) set the scientific context for your project, (2) tell us what you hope to discover and why that is important, and (3) outline the proposed field methodology in broad terms.
  22. Project location. In 200 words or less, explain why you want to conduct your work at Lizard Island Research Station rather than somewhere else.
  23. Proposed field work. For each year that funding is being sought, estimate the number of field trips and the number of person days that you will need. For example: 2022 - 2 trips of 21 days each, 3 people on each trip = 126 person days.
