

2026 Australian Museum Eureka Prizes

Testimonial template – Eureka Prize for Societal Impact in Science

Delete the below instructions before submitting this document.

Instructions

1. Who must complete this template?

This testimonial must be completed by the collaborative partner, describing your experiences and engagement with delivering/facilitating the societal impact of the nominated research activity.

2. What information must be included?

- *Please write the testimonial based on your involvement with the research and/or its practical application by responding to the statements on the following page, to the best of your ability.*
- *Your testimonial will help the judging panel better understand the research and/or its practical application for societal impact..*
- *The panel will have access to additional entry materials including a summary of work from the entrant/s so please focus on your personal experience and knowledge of the research and/or its practical application.*

3. Formatting guidelines

- *The testimonial can be a maximum of two (2) typed pages.*
- *Do not adjust the margins or font size of this template.*

4. Submission guidelines

- *Insert a digitised copy of your physical signature. Do not type your name.*
- *Save the completed testimonial as a .pdf document.*
- *Return the document to the entrant.*

The personal information of the individual providing the testimonial is being collected by the Australian Museum (AM) is for the purpose of managing and administering the Eureka Prizes. Personal information will be handled in accordance with the [AM's Privacy Statement and Privacy Management Plan](#).
